

With the support of the
Erasmus+ Programme
of the European Union

EVENT AGENDA

KA203 - Strategic Partnerships for higher education

Project no. **2019-1-PL01-KA203-065205**

Title of the project:

"Interdyscyplinary, multiculturalism, and work with the patient in a non-standard situation in the context of conducting didactic classes in the field of medical sciences and health sciences in Centres of Medical Simulation",

C3- Learning, teaching and training activities: Intenswive programmes for higher education learners (POLAND)

Title: Training and teaching in a medical center

Opole (Poland), 14-03-2022

Place of training: University of Opole, Collegium Salutis Humanae, 68 Katowicka Street, 45-060 Opole

I. ORGANIZATIONAL MATTER OF THE MEETING:

1. Welcoming project teams, students from Poland, the Czech Republic and Bulgaria
2. Completion of the medical simulation knowledge test by all students

II. TRAINING PROBLEM:

1. Training in the organization of work in CSM
2. Training in identification of barriers in CSM
3. Training in the principles of teaching Students in conditions of high fidelity
4. Training in differentiating forms of medical simulation
5. Presentation of issues related to the scenarios created by the Polish team (discussion of non-standard situations in the field of health sciences)
6. Instructions for reading the simulation scenario (addressed mainly to the Czech team)
7. Presentation of obstetric situations under medical simulation conditions: show of original films, show of author's photo gallery
8. Discussion of frequent difficulties related to the implementation of recordings of the developed scenarios
9. Own experiences related to didactics in the simulation center
10. Joint exchange of experiences.
11. Completion of the final test of the meeting by all students
12. The end of the meeting
